

Soulfire Spirit Sessions, Soulfire Spirit Sessions are intuitive readings that bring clarity, insight, comfort, empowerment, inspiration and freedom.

Mariangela understands that each of us have a set of unique gifts and a specific purpose for being here. Our gifts are connected to our life purpose (aka/dharma), both of which are encoded in our soul blueprint.

We are meant to answer the call of our soul. When we do, our authentic self-expression becomes freer and more dynamic. Then, we are naturally moved to contribute in meaningful

and fulfilling ways.

We are designed to freely and fully self-express, to be intimately connected to our Soul and our Essence (Higher) Self, and to receive ongoing guidance from our Celestial Council (Spirit Guides).

In these sessions Mariangela can assist you in –

- Activating your Cosmic Heart;
- Igniting the fire in your Soul;
- Deeply connecting with your Soul & Essence (Higher) Self;
- Identifying, receiving guidance and communing with the members of your Celestial Council (Spirit Guides);
- Evaluating your energy system;
- Discovering your unique gifts;
